The Late Harold Pinter—Basil Chiasson 2017-08-09 This volume is the first to provide a book-length study of Pinter's overtly political activity. With chapters on political drama, poetry, and speeches, it charts a consistent tension between aesthetics and politics through Pinter's later career and defines the politics of the work in terms of a pronounced sensory dimension and capacity to affect audiences. The book brings to light unpublished letters and drafts from the Pinter Archive in the British Library and draws his political poems and speeches, which have previously been overshadowed by his plays, into the foreground. Intended for students, instructors, and researchers in drama and theatre, performance studies, literature, and media studies, this book celebrates Pinter’s later life and work by discerning a coherent political voice and project and by registering
the complex ways that project troubles the divide between aesthetics and politics.

Words as Swords-Sıla Şenlen 2009 Verbal violence, as a sophisticated means of persuasion and manipulation, is as effective on the stage as physical violence. Since the destructive effects of verbal violence are less recognized and long-term, it is a vital instrument for constructing power and authority. S"ila Şenlen tackles this subject in Renaissance and contemporary English drama. In Renaissance tragedies composed in blank-verse such as Marlowe's Tamburlaine, Part I, and Shakespeare's Richard III, political power is identified and matched with a powerful rhetorical style. Almost all of the battles in such plays are fought verbally rather than physically on the stage. In these verbal duels or battles, competent speakers such as Tamburlaine and Richard III exploit the frontiers of deception, manipulate, abuse and destroy their opponents with low verbal competence through verbal violence. Thus, a parallel is drawn between rhetorical skills and military power, and between 'word' and 'sword'. In contemporary English plays, the violence of daily language not only contributes to the creation of a realistic spectacle, but also -and more importantly- to the process of replacing free critical thinking by automatically preconceived patterns of thought and speech. Institutions and related discourses function to set up norms or standards against which people are defined, categorized, judged and punished. In Bernard Shaw's Pygmalion, Harold Pinter's The Birthday Party and Anthony Neilson's The Censor, verbal violence in the form of daily language is
not only deployed to construct authority, dominate and 'standardize' subjects, but also to deconstruct and defy authority.

**Histoire de la littérature anglaise**-François Laroque 1997 Cet ouvrage couvre plus de quatre siècles d'histoire de la littérature anglaise, depuis les prédécesseurs de Shakespeare jusqu'à Salman Rushdie. Il prend en compte le cadre historique et idéologique par rapport auquel il s'efforce de situer les auteurs et les genres au sein de trois grandes divisions chronologiques : la Renaissance et la première moitié du XVIIe siècle (François Laroque), la Restauration, le XVIIIe siècle et le Romantisme (Alain Morvan), l'ère victorienne et le XXe siècle (Frédéric Regard). Les auteurs ont voulu rester attentifs aux impératifs pédagogiques et proposer des synthèses claires qui respectent les périodicités reconnues, les grands courants et les noms les plus célèbres, sans pour autant oublier les nombreux écrivains à découvrir ou à redécouvrir. A travers l'utilisation de données de civilisation, de renseignements biographiques et bibliographiques, de citations décisives et d'analyses visant à dégager les enjeux des grands systèmes d'écriture, ils ont cherché à éclairer le grand public et à fournir à l'étudiant les repères fondamentaux qui lui permettront d'aborder examens et concours avec rigueur et efficacité.

A Sea of Rage Inside of Me - Doreen Hawkins Heath 2012-06-07

Have you ever been in a new place, and it seems like you’ve been there before? In grade school, I had this eerie feeling so many times that I took notice after a while. I stared at the scenery, waiting for an extraordinary experience to happen. I realize now that I was too young then to understand the connection, but at that time, I was being led into a déjà vu visit. Perhaps I once lived before this lifetime. Powerful isn’t it? Maybe I am the reincarnated soul of my biological ancestry or of Jarena Lee (Lee, The Life and Religious Experience of Jarena Lee), one of the first African-American women to pen an autobiography (Lee, Biography of Jarena Lee). Nevertheless, I am who I am because there is no other person who is just like me. Who I was before is not as important as who I have become—a supporter of the beacon of light which shines brightly inside of me.

**Figuring the Past**-Belén Vidal 2012 Figuring the past" geeft een nieuwe kijk op kostuumdrama's die aan het begin van deze eeuw gemaakt zijn en onderzoekt de manieren waarop de hedendaagse cinema het historische verleden herschept. De auteur verkent de relatie tussen visuele motieven en culturele representaties in een aantal belangrijke films van onder anderen James Ivory, Martin Scorsese en Jane Campion. Door te kijken naar de maniëristische voorkeur voor citatie, detail en stilering, pleit de auteur voor een esthetiek van fragmenten en figuren die centraal staan in de historische kostuumdrama's als een internationaal genre. In gedetailleerde casestudies worden drie belangrijke kenmerken van het genre - het huis, het tableau en de brief - in relatie gebracht met de veranderende begrippen van visuele stijl, melodrama en geslacht.

Against Love-Laura Kipnis 2009-01-16 Who would dream of being against love? No one. Love is, as everyone knows, a mysterious and all-controlling force, with vast power over our thoughts and life decisions. But is there something a bit worrisome about all this uniformity of opinion? Is this the one subject about which no disagreement will be entertained, about which one truth alone is permissible? Consider that the most powerful organized religions produce the occasional heretic; every ideology has its apostates; even sacred cows find their butchers. Except for love. Hence the necessity for a polemic against it. A polemic is designed to be the prose equivalent of a small explosive device placed under your E-Z-Boy lounger. It won’t injure you (well not severely); it’s just supposed to shake things up and rattle a few convictions.
Authenticity on the Postmodern Stage: Lida Kruger 2020-03-19 Within the postmodern context, where originality is impossible, mimicry is not seen as something inauthentic, but as inextricably part of human existence. Although all three had initially been dismissed as superficial, Harold Pinter's Betrayal, Tom Stoppard's The Real Thing, and Patrick Marber's Closer use the theme of marital betrayal as a trope to explore metatheatrical and epistemological issues. Authenticity has become increasingly fetishised since the advent of postmodernity, especially when considered in relation to theatre - a medium already perceived to be fake. Authenticity on the Postmodern Stage is a study of how these three plays define and explore authenticity within the fictional and actual worlds of theatre: it explores arbitrariness in the construction and mediation of the characters' identities, from their own and the audience's perspectives; the significance of the audience's role in these plays; and how issues of authenticity, fictionality, and dishonesty impact on a genre that depends on illusion. Some scholars claim that postmodernism has been supplanted by a new structure of feeling, which includes a return to authenticity within theatre. The debate on the succession of postmodernism falls outside the scope of this book - nevertheless, Krüger argues that postmodernism does not entail a rejection of authenticity but an exposé of its impossibility. Postmodernism is therefore very much concerned with authenticity, and any attempt at locating the authentic is therefore not necessarily opposed to postmodernism. Krüger's analysis offers a new interpretation of the three texts, drawing on postmodern and poststructuralist theories, particularly concerning the concept of authenticity within art and language.
